

Feeding Dreams Cambodia is a grass roots Community School providing Free education, school meals and community support to over 800 poor children and families living in Siem Reap's slums. We strive to keep families united, fight poverty, illiteracy and malnutrition, and help grow tomorrow's community leaders.

JUNE 2014

New School Site & Vocational Training Centre

**CALLING ALL OUR SUPPORTERS AROUND THE GLOBE
URGENT APPEAL FOR FUNDS**

Donations Fully Tax Deductible

Fellow humanitarians,

We are making excellent progress with our new school site and are already underway with site works and renovations. But we desperately need funds to build the classrooms, toilet block, and complete renovations on the old existing building on site. This is very urgent as the dreaded Cambodia 'wet season' will be upon us soon.

Would you like to build a school for 800 children to have a chance in life?

Would you like to give uneducated teenagers a Vocational Skill and employment?

Will you help us to develop this community and eradicate poverty?

We have set up fundraising pages specifically for the "New School Project."
Please help us complete the project in any way you can. No amount is too small!

Kerry

Please can you help with the following and remember **all donations are tax deductible**.
This is a general building fundraising appeal, so no amount is too small, \$10, \$20, \$50, every dollar counts and is greatly appreciated. All costs are in US\$.

SCHOOL

- **8 new large classrooms @ \$3,000 each**
- Computer Training Room @3,000
- (cost includes building structure, electricity and lights, white board & ceiling fan
- **Renovation** of existing building (14 rooms)
- Cost includes plumbing, electrical, painting, ceiling and roof repairs
- Entire Site Excavation/removal of concrete and fill
- Toilet renovation and water tank construction of 2nd toilet block
- Water pump installation & piping
- Electricity to site and security lighting
- Front Security gates

TOTAL

\$52,000

VOCATIONAL TRAINING CENTRE & RESTAURANT

Construction costs: brick construction, colourbond roofing, tiled flooring, plumbing, electrical, air-conditioning, lighting, glass entry doors etc.

Building **\$27,000**

Fit out and furnishings: Stainless steel Kitchen, refrigerators, gas cookers, microwave, bar and shelving, blenders, Coffee machine, utensils and service ware, furniture, training rooms and office furniture.

Fitout **\$9,000**

Our new site will be everything this community needs; a international standard education model and vocation training centre, a school meals program, a first aid clinic, a sports program, a women's well-being program and an emergency fund for those in critical need and will provide employment to over 30 poverty stricken Khmer locals.

We have improved the lives of so many in just 18 months, we can only imagine the impact we will have in this community over 15 years- there will truly be a transformation!
